Yawl Weights Record

Updated **04/05/2024**

The definitive weight of the Yawl is obtained from the hanging scales with the certificated correctors in place.

RORO scales weight required within 5 years of last weighing or date of Certificate. RORO scales are only a check on the weight of the Yawl.
Only if the scales record under the minimum weight will a further weighing by hanging scales be required

Correctors…may only be changed after…1) the Yawl has been weighed by hanging scales 2) the measurer has advised a new weight for the correctors, and 3) a new Certificate has been issued.

When a new Certificate is needed for a new owner, the Yawl must have been weighed on the hanging scales immediately before making the request

Clear to Race	**Valid Data**
Weighing Required	**Data Issue**
