Social news for SYC Regatta 2011

Clive contemplating his retirement

Donovan. It is important for us all to recognise the huge amount of work that those two do on our behalf. I would also like to thank those members that have supported what we have tried to do during my time in office. I do recognise that we are unable to please everyone all of the time but as long as we have pleased some of you some of the time then I think it is probably all we can expect. Andrew Stirling takes over during regatta week and I would like to thank him for agreeing to stand and wish him the best of luck. Have a great regatta. Clive

**The Racing in the Harbour** is becoming more and more popular and there are lots of rumblings going on in the harbour about accidents that go un reported and over congestion, let's do our bit and in the unfortunate event of an accident, please report it to the harbourmaster.

**Budding photographers**, if you are out on the water or just watching from the shore during regatta and you happen to take an interesting photograph send it to me and if I use it in the regatta roundup news letter you will get a bottle of champagne.

The Salcombe Yacht Club are gearing up for the onslaught of boats turning up for the biggest sailing event that Salcombe has. Lets hope the weather improves a bit, the winds we have been having lately have been to say the least very frustrating. Have you registered yet? they need the numbers to allocate the fleets. **Your contact details**, we are getting a number of e-mails bounce back, if you have changed your details please keep Allyson informed, electronic communication is the way we all communicate, and a lot of you are missing out. I will be organising a secure on line SYOA data base where you can login and change your contact details so look out for the link soon.

**Well my time as chairman** is finally drawing to a close. I would like to thank all those members who have served me on the committee during my time in office and particularly Allyson Lofts and John
